Wines of the World is a wine tasting and silent auction cocktail party that attracts close to 400 attendees annually. Proceeds from Wines of the World benefit the Maria Fareri Children's Hospital, a member of the Westchester Medical Center Health Network. Maria Fareri Children's Hospital is the advanced care pediatric facility for New York's Hudson Valley and Fairfield County, CT, and the only dedicated children's hospital in the region. We care for the region's most critically ill and injured children including those in need of open-heart surgery, complex neurosurgery, lifesaving transplants and oncology treatments. We are a local and national leader in pediatric care and an advocate for children's health and wellness. The hospital's clinical expertise is matched only by its physical environment, which was developed with input from patients and their families as well as doctors and nurses. The result is a special healing atmosphere that puts patients at ease and treats the whole family.
