Westchester Cardiovascular Symposium
Heart Failure, Ischemic Heart Disease,
Cardiac Electrophysiology, Valvular Heart Disease,
Hypertrophic Cardiomyopathy

Thursday - Saturday, October 3 - 5, 2019
Crowne Plaza Hotel, White Plains, NY

Course Directors
Julio A. Panza, MD
Chief of Cardiology
Westchester Medical Center
Professor of Medicine
New York Medical College

Steven Lansman, MD, PhD
Director of Cardiothoracic Surgery
Westchester Medical Center
Professor of Surgery
New York Medical College

Online Registration Deadline: September 30, 2019
Registration

Westchester Cardiovascular Symposium 2019

Heart Failure, Ischemic Heart Disease, Cardiac Electrophysiology, Valvular Heart Disease, Hypertrophic Cardiomyopathy
Thursday - Saturday, October 3 - 5, 2019 / Crowne Plaza Hotel, White Plains, NY

Course Directors

Julio A. Panza, MD
Chief of Cardiology,
Westchester Medical Center, Valhalla, NY
Professor of Medicine, New York Medical College, Valhalla, NY

Steven Lansman, MD, PhD
Director of Cardiothoracic Surgery,
Westchester Medical Center
Professor of Surgery, New York Medical College

Moderators

Howard Cooper, MD
Director, Inpatient Cardiology,
Westchester Medical Center
Associate Professor of Medicine,
New York Medical College

Alan Gass, MD
Director, Heart Transplant and
Mechanical Circulatory Support,
Westchester Medical Center
Professor of Medicine, New York Medical College

Sei Iwai, MD
Director, Cardiac Electrophysiology Service,
Westchester Medical Center
Professor of Clinical Medicine,
New York Medical College

Srirahi S. Naidu, MD
Director, Cardiac Catheterization Lab,
Director, Hypertrophic Cardiomyopathy Program,
Westchester Medical Center
Professor of Medicine, New York Medical College

David Spielvogel, MD
Chief, Cardiothoracic Surgery,
Westchester Medical Center
Professor of Surgery, New York Medical College

Faculty

Hasan Ahmad, MD
Medical Director, Transcatheter Valve Program, and Director, Interventional Cardiology Fellowship Program
Westchester Medical Center, Valhalla, NY

Francisco A. Arabia, MD, MBA, FACS, FACC
Physician Executive, Advanced Heart Program, Banner University Medical Group, Phoenix, AZ; Professor of Cardiothoracic Surgery, University of Arizona College of Medicine-Tucson, University of Arizona

Deepak Bhatt, MD, MPH
Executive Director of Interventional Cardiovascular Programs, Brigham and Women’s Hospital Heart & Vascular Program, Boston, MA
Professor of Medicine, Harvard Medical School, Boston, MA

T. Jared Bunch, MD
Medical Director, Heart Rhythm Services for Intermountain Healthcare
Director of Heart Rhythm Research, Intermountain Medical Center Heart Institute, Salt Lake City, Utah
Associate Clinical Professor (Affiliated), Stanford University

Daniel J. Cantillon, MD
Associate Section Head & Research Director, Cardiac Electrophysiology and Pacing
Medical Director, Central Monitoring Unit, Heart & Vascular Institute
Cleveland Clinic, Cleveland, Ohio

Joshua M. Cooper, MD
Director, Cardiac Electrophysiology, Temple Heart & Vascular Institute, Philadelphia, PA
Professor of Medicine, Lewis Katz School of Medicine at Temple University, Philadelphia, PA

G. Michael Felker, MD, MHS, FACC, FAHA, FHFA
Professor of Medicine
Chief, Heart Failure Section
Duke University School of Medicine
Duke Clinical Research Institute
Duke University Hospital, Durham, NC

Michael Fifer, MD
Professor of Medicine, Harvard Medical School, Boston, MA
Director, Hypertrophic Cardiomyopathy, Massachusetts General Hospital, Boston, MA

Daniel Frenkel, MD
Electrophysiologist, Westchester Medical Center, Valhalla, NY, and Good Samaritan Hospital, Suffern, NY
Assistant Professor of Medicine, New York Medical College, Valhalla, NY

J. Michael Gaziano, MD, MPH
Chief, Division of Aging, Brigham and Women’s Hospital, Boston, MA
Director, Massachusetts Veterans Epidemiology and Research Information Center, VA Boston Healthcare System, Boston, MA
Professor, Harvard Medical School, Boston, MA

Joshua Goldberg, MD
Surgical Director, Transcatheter Heart Program, Surgical Director, Cardiac Surgery Outcomes Research, Westchester Medical Center, Valhalla, NY
Assistant Professor of Surgery, New York Medical College, Valhalla, NY

David Spielvogel, MD
Chief, Cardiothoracic Surgery, Westchester Medical Center, Valhalla, NY
Professor of Surgery, New York Medical College
Faculty continued...

Janet K. Han, MD
Assistant Professor of Medicine, Director, CCI/Telemedicine/Inpatient Cardiology, Assistant Director, Cardiac Arrhythmia Service, University of California at Los Angeles

Carolyn Ho, MD
Associate Professor of Medicine, Harvard Medical School, Director, Cardiovascular Genetics Center, Brigham and Women’s Hospital, Boston, MA

Silvio Inzucchi, MD
Professor of Medicine, Yale School of Medicine, Clinical Chief, Endocrinology Medical Director, Yale Diabetes Center Yale-New Haven Hospital, New Haven, CT

Jason Jacobson, MD
Director, Complex Arrhythmia Ablation Program, Westchester Medical Center, Valhalla, NY
Associate Professor of Medicine, New York Medical College, Valhalla, NY

Navin Kapur, MD, FAHA, FACC, FSCAI
Executive Director, The Cardiovascular Center for Research and Innovation; Director, Acute Mechanical Circulatory Support Program; Director, Interventional Research Laboratories; Director of Cardiac Biology Research Center, Molecular Cardiology Research Institute; Associate Professor, Tufts University School of Medicine Tufts Medical Center, Boston, MA

Gregg Lanier, MD
Director, Pulmonary Hypertension; Associate Director, Heart Failure; Program Director, Advanced Heart Failure and Transplant Cardiology Fellowship, Westchester Medical Center, Valhalla, NY
Associate Professor of Medicine, New York Medical College, Valhalla, NY

Christopher Lau, MD
Department of Cardiovascular Surgery, Weill Cornell Medicine, New York, NY
Assistant Professor of Cardiothoracic Surgery, Weill Cornell Medical College, New York, NY

Didier Loulmet, MD
Director, Robotic Cardiac Surgery and Chief of Cardiac Surgery, Associate Professor, Department of Cardiothoracic Surgery, Tisch Hospital, New York, NY

Ramin Malekan, MD
Associate Chief, Cardiothoracic Surgery, Westchester Medical Center, Valhalla, NY

Mathew Maurer, MD
Arnold and Arlene Goldstein Professor of Cardiology, Professor of Medicine, Columbia University Irving Medical Center, Director, Cardiac Amyloidosis Program, New York, NY

Christa Miliareis, MD
Director, Pediatric Hypertrophic Cardiomyopathy, Maria Fareri Children’s Hospital, Valhalla, NY
Assistant Professor of Pediatrics, New York Medical College, Valhalla, NY

Khanh Nguyen, MD
Chief of Pediatric Cardiothoracic Surgery, Maria Fareri Children’s Hospital, Valhalla, NY
Professor of Medicine, New York Medical College, Valhalla, NY

Steve Ommen, MD
Director, Hypertrophic Cardiomyopathy, Mayo Clinic, Rochester, MN
Professor of Medicine, Mayo Medical School, Rochester, MN

Stephen Pan, MD
Attending Physician, NYU Langone Health, New York, NY

Julio A. Panza, MD
Chief of Cardiology, Westchester Medical Center, Valhalla, NY
Professor of Medicine, New York Medical College, Valhalla, NY

Philippe Pibarot, DVM, PhD
Canada Research Chair in Valvular Heart Disease, Quebec Heart & Lung Institute, Department of Medicine, Laval University, Quebec, Canada
Professor of Medicine, Laval University, Quebec, Canada

Usha Tedrow, MD, MSc
Director, Clinical Cardiac Electrophysiology Program, Arrhythmia Unit, Cardiovascular Division, Brigham and Women’s Hospital, Boston, MA

Paul Thompson, MD
Chief of Cardiology - Emeritus, Hartford Hospital, Hartford, CT
Professor of Medicine, University of Connecticut

Tim Wong, MD
Assistant Professor of Medicine, University of Pittsburgh, Director, Hypertrophic Cardiomyopathy, University of Pittsburgh Medical Center, Pittsburgh, PA

Maurice E. Sarano, MD
Chair for Research, Division of Structural Heart Disease, Department of Cardiovascular Medicine Consultant, Division of Structural Heart Disease, Department of Cardiovascular Medicine, Professor of Medicine, Mayo Clinic, Rochester, MN

Gerin Stevens, MD, PhD
System Director of Cardiomyopathy, Northwell Health; Medical Director of Heart Failure & Transplant, North Shore University Hospital, Associate Professor of Cardiology, Zucker School of Medicine, Northwell Health, Manhasset, NY

Gilbert H. L. Tang, MD, MSc, MBA, FFRSC, FACC
Surgical Director, Structural Heart Program, Mount Sinai Health System, New York, NY
Associate Professor, Cardiovascular Surgery, Icahn School of Medicine at Mount Sinai, New York, NY

Paul Thompson, MD
Chief of Cardiology - Emeritus, Hartford Hospital, Hartford, CT
Professor of Medicine, University of Connecticut

Tim Wong, MD
Assistant Professor of Medicine, University of Pittsburgh, Director, Hypertrophic Cardiomyopathy, University of Pittsburgh Medical Center, Pittsburgh, PA

</tbody>
</table>
Agenda: Friday, October 4

7:15 - 8 a.m.  Registration and Breakfast

**Ischemic Heart Disease / Moderator: Howard Cooper, MD**

8 - 8:25 a.m.  Aspirin for the Primary Prevention of Cardiovascular Events
J. Michael Gaziano, MD, MPH

8:25 - 8:50 a.m.  Role of Glucose-Lowering Drugs in the Prevention of CV Events
Silvio Inzucchi, MD

8:50 - 9:15 a.m.  What Do You Need to Know to be a Lipid Expert? / Paul Thompson, MD

9:15 - 9:40 a.m.  Case Presentation, Panel Discussion

9:40 - 10:05 a.m.  Networking Break, Exhibit Viewing

10:05 - 10:30 a.m.  Fish Oil Supplements in Primary & Secondary Prevention / Deepak Bhatt, MD, MPH

10:30 - 10:55 a.m.  The Role of Viability Testing – STICH 10-Year Results / Julio A. Panza, MD

10:55 - 11:20 a.m.  All Arterial Grafting in Bypass Surgery – Standard of Care? / Christopher Lau, MD

11:20 - 11:45 a.m.  Case Presentation, Panel Discussion

11:45 a.m. - 12:40 p.m.  Lunch, Exhibit Viewing

**Arrhythmia / Moderator: Sei Iwai, MD**

12:40 - 1:05 p.m.  Pacing-Induced Cardiomyopathy / Daniel Cantillon, MD

1:05 - 1:30 p.m.  Device Lead Extraction: Current Indications and Approaches / Joshua Cooper, MD

1:30 - 1:55 p.m.  Catheter Ablation of Ventricular Tachycardia in Structural Heart Disease
Usha Tedrow, MD

1:55 - 2:20 p.m.  Noninvasive Radioablation for Ventricular Tachycardia / Jason Jacobson, MD

2:20 - 2:40 p.m.  Networking Break, Exhibit Viewing

2:40 - 3:05 p.m.  Wearables and Smart ECG Devices to Detect Atrial Fibrillation / Janet Han, MD

3:05 - 3:30 p.m.  Role of Risk Factor Modification in Management of Atrial Fibrillation
Daniel Frenkel, MD

3:30 - 3:55 p.m.  Atrial Fibrillation: How Do We Interpret the Results of the CABANA Trial?
T. Jared Bunch, MD

3:55 - 4:20 p.m.  Left Atrial Appendage Closure for Stroke-Risk Reduction in Atrial Fibrillation: Identifying the Ideal Candidate / Sei Iwai, MD

4:20 p.m.  Adjourn

Agenda continues next page...
Agenda: Saturday, October 5

**Hypertrophic Cardiomyopathy** / Moderator: Srihari S. Naidu, MD

7 - 7:50 a.m.  
Registration and Breakfast

7:50 - 8 a.m.  
Welcome and Introduction / Srihari S. Naidu, MD (moderator)

8:00 - 8:30 a.m.  
Making the Diagnosis: From Exam to MRI / Steve Ommen, MD

8:30 - 8:50 a.m.  
Hemodynamic Evaluation of HCM / Srihari S. Naidu, MD

8:50 - 9:10 a.m.  
Evaluating the Child with HCM / Christa Miliaresis, MD

9:10 - 9:30 a.m.  
What’s New in HCM Genetics? / Carolyn Ho, MD

9:30 - 10 a.m.  
Break and Exhibit Viewing

10 - 10:20 a.m.  
Medical Management in 2019 / Tim Wong, MD

10:20 - 10:45 a.m.  
Myectomy or Alcohol Septal Ablation / Michael Fifer, MD

10:45 - 11:10 a.m.  
When is Heart Transplant the Best Option? / Gregg Lanier, MD

11:10 - 11:35 a.m.  
Atrial Fibrillation in HCM / Jason Jacobson, MD

11:35 - Noon  
Patient Advocacy: Why Send to a COE?

Noon - 12:30 p.m.  
Case Presentation w/Panel Discussion  
Julio A. Panza, MD (moderator), WMC Fellow (presenter)

12:30 p.m.  
Adjourn
Course Description

The Westchester Cardiovascular Symposium is a 2.5-day conference that will address current, controversial and challenging issues in the fields of heart failure, valvular heart disease, ischemic heart disease, cardiac electrophysiology, and hypertrophic cardiomyopathy. The hypertrophic cardiomyopathy session will be open to patients and interested members of the community, in addition to physicians and healthcare professionals, and highlights the acquisition of this new program. This annual update includes a review of clinical guidelines, disease condition and natural history, diagnostic modalities, current treatment and future therapies pertaining to the fields. Attendees will be able to broaden their understanding of disease processes, patient screening and evaluation, diagnostic workup and treatment advances in the field. The faculty consists of leading experts in the field of cardiovascular medicine from around the country, chosen specifically for the individual topics. Presentations are made in both didactic and interactive fashions, including live debates and case discussions.

The symposium provides an annual opportunity for health professionals to update their knowledge and clinical practice of ischemic heart disease, heart failure, valvular heart disease, cardiac electrophysiology and hypertrophic cardiomyopathy. Topics include the latest clinical guidelines, echo and CT imaging, surgical and catheter-based treatment, and future technologies.

Learning Objectives

This symposium has two primary objectives: to provide an educational platform on heart failure, ischemic heart disease, valvular heart disease, cardiac electrophysiology and hypertrophic cardiomyopathy in a comprehensive program that includes interactive discussions and case presentations offered by experts in the field, and to provide an opportunity for health professionals in New York’s Hudson Valley region to network and exchange ideas on patient management and clinical practice. The hypertrophic cardiomyopathy session also provides an opportunity for patient and community education and interaction. Upon completion of the CME activity, participants will be able to:

- Understand current diagnosis and management modalities in hypertrophic cardiomyopathy, including advanced imaging, electrophysiology devices, surgery and alcohol septal ablation, and a review of national guidelines, and define roles for community screening to prevent sudden cardiac death in children and adults.
- Understand future therapies including novel pharmacotherapy and gene-based individualized therapy.
- Understand the pathophysiology of cardiac arrhythmias underlying various diagnoses, including ventricular tachycardia and cardiomyopathy, as well as the therapeutic options for detection and management of atrial fibrillation and its associated morbidities.
- Recognize new developments and the increasing role of mechanical assist devices in the treatment of patients with advanced heart failure. Accordingly, select appropriate patients who may benefit from the implementation of this therapy.
- Understand the importance of certain interventions in the prevention of ischemic heart disease, including the treatment of hypertension and hypercholesterolemia. Utilize the most appropriate antithrombotic treatments for ACS patients destined to undergo CABG, PCI or noninvasive medical therapy.
- Recognize new developments in technologies and approaches to revascularization for patients with complex coronary artery disease, including chronic total occlusions and left main disease.
- Understand the pathophysiology of cardiac arrhythmias underlying various diagnoses, including different etiologies of cardiomyopathy, atrial fibrillation, complete heart block, syncope and sudden cardiac death.

Target Audience

This educational program is designed for physicians including cardiovascular specialists, internists, primary care practitioners, nurse practitioners, nurses, physician assistants, technicians and other health professionals involved in the evaluation, diagnosis and management of patients with ischemic heart disease, heart failure, valvular heart disease, cardiac arrhythmias and hypertrophic cardiomyopathy. The hypertrophic cardiomyopathy session is also designed for patients with this disease, family members and members of the wider community interested in this disease.

CME Accreditation Statement

New York Medical College is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

New York Medical College designates this Live activity for a maximum of 17.0 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Disclosure Statement: All activity faculty and planners participating in continuing medical education activities provided by New York Medical College are expected to disclose to the audience any significant support or substantial relationship(s) with commercial entities whose products are discussed in their presentation and/or with any commercial supporters of the activity. In addition, all faculty are expected to openly disclose any off-label, experimental or investigational use of drugs or devices discussed in their presentations.

ABIM MOC Recognition Statement

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 17 Medical Knowledge MOC points in the American Board of Internal Medicine’s (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of the CME credits claimed for the activity. It is the CME activity provider’s responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

CNE Accreditation Statement

This activity has been submitted to the Emergency Nurses Association for approval to award contact hours. The Emergency Nurses Association is accredited as an approver of continuing nursing education by the American Nurses Credentialing Center’s Commission on Accreditation.

Commercial Support Acknowledgement

There is no outside funding for this activity.
