Course Description

This conference will seek to educate primary and specialty providers on the new U.S. Preventive Services Task Force recommendations for lung cancer screening. Through lectures and case presentations attendees will learn about these guidelines for low-dose CT screening in former and current smokers as well as the services offered by WMCHealth.

Learning Objectives

Conference participants will achieve the following objectives:

1. Understand the evidence behind low-dose Lung Cancer Screening: The National Lung Cancer Screening Trial

2. Know the requisites for a high quality lung cancer program

3 Be familiar with the management of lung nodules

Target Audience

- Primary care providers and specialists who take care of current and former smokers.

- Internal and family medicine, pulmonary medicine, cardiology, medical oncology, thoracic surgery.

CME Accreditation Statement

New York Medical College is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

New York Medical College designates this Live activity for a maximum of *4.0 AMA PRA Category 1 Credit™.* Physicians should only claim credit commensurate with the extent of their participation in the activity.

CEU Accreditation Statement

This activity has been submitted to the Emergency Nurses Association for approval to award contact hours. The Emergency Nurses Association is accredited as an approver of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.
